Dear Mr. Weisberg,

Enclosed is "Book-of-the-Month Club - News".

Their May selection is Edward Jay Epstein's book, "Legend: The Secret World of Lee Harvey Oswald."

It's interesting reading. It's a "Castro did it" theory book.

I ordered it and I'm awaiting it's arrival.

I read the excerpts of it in Reader's Digest and there are glaring mistakes of fact.

Good luck with your work.

Sincerely,

Barbara G. Riley
